Results from GBTS reveal that 102.7 million domestic overnight trips were taken in England in 2015, an increase of 10% compared with 2014. The value of domestic overnight trips increased by 8%, from £18 billion to £19.6 billion in 2015.

Reflecting the national trend, the volume and value of domestic overnight trips in the South East also increased in 2015 compared to 2014. The volume of domestic overnight trips increased by 5% and trip expenditure also increased by 5%.

According to results from IPS, overseas visitors made a total of 31.8 million overnight trips in England, an increase of 7% compared with 2014. Trip expenditure increased by 2% at the national level.

Overseas visitor trip volume was also up for the region; total overnight trips taken by visitors from overseas to the South East increased by 11% and trip expenditure increased by 4%. Figures published in the Great Britain Day Visits Survey (2015) indicate that there were 1.3 billion Tourism Day Visits undertaken in England during 2015 (down 3% compared to 2014). Despite a small drop in volume, spend per head was up, leaving to an increase in day trip expenditure of 1%.

The region saw a fall in tourism day trips in 2015 compared to 2014. Day trip volume at regional level dropped by 5% and day trip expenditure dropped by 12%.

Recent trends for Coastal West Sussex destinations show steady year-on-year increase in tourism value. Despite a fall in tourism value at regional level in 2015 compared to 2014, most destinations held their own and only saw a small change (+/-) compared to the previous year.
